Subject: Critical: Process to update CR entries for v2 migration

Hello everyone,

As part of our ongoing efforts to streamline the process for migration to V2, we kindly

request all market participants to note the following:

Updating UAT CR Entries:

To modify your UAT entry, log in to our AA Commons Application

If you can't find your entry, click on "Claim the entry" to proceed.

To claim a previously created entry, follow these steps:

- Log in to the UAT CR Portal: https://aacommons.sahamati.org.in/.
- Click on "Can't find your entry" above your Dashboard (on the right side).
- Provide the client ID and Secret Key of the entry you want to update.
- After submission, you'll see the entry in your dashboard.
- Proceed with editing and updating the entry as needed.

Updating Production CR Entries:

For updating Production CR Entries, please send an email to services@sahamati.org.in with the following format:

- Subject: Request for CR Update for V2: <Entity type> <Entity ID> in Prod Environment
- Include FIP, FIU, or AA in Entity Type as applicable.
- Always cc kunal@sahamati.org.in for all requests.
- Ensure to mention the request for "Prod CR" in the email body if you are discussing testing or any related matters.
- Attach the updated fully formed JSON reflecting V2 changes as per the format specified in Sahamati Github.

For more information on V2 migration, please visit our page:
https://github.com/Sahamati/Ecosystem-Readiness-for-ReBIT-2.x-specs/blob/main/FIP_and_FIU_Go_Live_Process.md
If you encounter any issues or have questions please contact kunal@sahamati.org.in.

Regards,
Team Sahamati
