Subject: Alignment with Fair Use Template parameters

This is regarding the various Fair Use Templates that have been developed through the various User Councils constituted under the Fair Use Committee.

These Fair Use Templates, which cover various known use cases in the AA ecosystem aim to act as upper thresholds for the values therein, to be adopted by the broader industry engaging in such use cases. The Fair Use Library has been published by Sahamati [here](#).

Further to discussions in Sahamati's Governing Council as well as the various other Committees/ Councils, it is expected that all FIUs align their use cases with the relevant Fair Use Template(s).

In this spirit, we request all FIUs to ensure alignment of their implementations with the applicable Fair Use Template(s) at the earliest, in order to ensure consistent and healthy growth of the AA ecosystem.

If you have any questions, please reach out to us at fairuse@sahamati.org.in.
