Subject: Reintroduction of FIP-AA Integration on SahAAyak

We hope this message finds you well.

Sahamati regularly publishes business reports and ecosystem updates, including the FIP - AA Mapping report, which tracks the number of AAs each FIP is integrated with.

To ensure data accuracy and streamline communication, we have reintroduced a feature to the SahAAyak Portal. This dedicated platform allows FIPs to view, verify, and update their integration data directly.

Please log in to the SahAAyak Portal and select "FIP Integration Status" from the top menu to review your prefilled details. Ensure that you make any necessary updates, as these changes will be reflected in our periodic website reports.

Please note that all ecosystem reporting for FIP–AA integration mapping will henceforth be managed exclusively through this page.

If you require any assistance, please contact us at SahAAyak@sahamati.org.in.

Regards,
Member Success Team
