Subject: Submission of the AA Client Standards-Adoption Progress Report by FIUs with ReBIT

Dear FIUs,

Further to our circular ([Sahamati/Circular/Governance/2026-05/01](#), dated May 12, 2026), this circular clarifies the expected approach to the submission of the AA Client Standards-Adoption Progress Report by FIUs with ReBIT.

Based on multiple queries received on this matter, this is to clarify that FIUs may submit responses only for the adoption checklist items that apply to them. For items that are not applicable, FIUs may mark "No" under the "Implemented (Yes/No)" column and provide "Not Applicable" in the remarks section.

AAs will be responsible for completing the report for the checklist items applicable to them as part of their submission. In scenarios where AA submissions rely on FIU-side implementation (including SDK-based integrations), AAs may seek confirmation from the respective FIUs before finalizing and submitting the report. This is to ensure accuracy and alignment of reported status across ecosystem participants. Please ensure timely support and confirmation with AAs where applicable.

All details related to the Adoption Report are provided [here](#), and the submission template is available [here](#).

In case you have any questions, please feel free to reach out to us.

Regards,
Sahamati Governance Team
